

# MKL-W Floor Scales

MKL-W floor scales offer simple, convenient weighing in three capacities and readabilities with a generously sized weighing pan. The perfect basic floor scale, MKL-W easily performs general weighing tasks, along with dynamic weighing for moving subjects (including animals). The grade 304 stainless steel pan makes clean-up fast and easy. An internal rechargeable battery – charged by a USB socket with Type C connector cable or an optional adaptor – provides on-the-go use for up to 100 hours.

## Features

- External calibration allows for verification and adjustment with weights
- Programmable auto power-off to save energy
- Hold function freezes the displayed weight, allowing time to elapse without losing the result
- Large, grade 304 stainless steel pan allows swift cleaning
- Brightness control for LED display allows for easy readability
- Low-battery indicator alerts users when the battery needs recharging
- Selectable digital filtering for animal/dynamic weighing enables consistent results for moving subjects
- Audible alarm to alert user if the load exceeds the maximum capacity
